

## SCHOOL PROFILE

# Madison Memorial High

Address: 201 S Gammon Rd | Phone: 608-204-5990 | E-mail: memorial@madison.k12.wi.us

At Madison Memorial High School, we have a strong tradition of success and pride as a school community, based on our long standing belief in the importance of relationships, and continuous improvement. While we have experienced significant successes over the years, we also recognize we have room to grow to ensure that every single student thrives in our learning community. Our School Improvement Planning process begins each spring by gathering feedback from students, families and staff, to identify what is working and what needs to be improved. We then clarify what we feel we need to do, how we plan to make it happen, how we will monitor our progress, and our goals for the year. Through this cycle we can continue to make everything we do at Madison Memorial even better.

School Principal: Jay Affeldt

## Equity Vision

At James Madison Memorial High School, we believe all students can be successful if they are well-understood and well-supported by the entire school community, and challenged through use of a rigorous and relevant curriculum, delivered with dynamic and flexible instruction. As a school community, we are committed to working together to making this vision a reality for all students.

## Progress

We also know that if students struggle as freshmen, they will be held back their entire high school careers. We are committed to ensuring a smooth transition and to providing all students with any supports necessary to ensure their success. This past year we developed a strong system to keep our incoming Freshmen on track to graduate, and saw improvements in this area across a number of student groups. We hope to get even better in this coming year at providing any necessary supports to help every student succeed.

## Area for Growth

Moving forward, we are hoping to be even more collaborative as a school community as we work to meet the needs of each and every student, and we're pushing our students to be more collaborative too. We're focused on working together to create a true sense of belonging for all students, families and staff, and we are also working to personalize learning for all students by further establishing Academic and Career Plans, to provide more authentic experiences to prepare students for the future.

## Vision Connection

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence, and community connection. Through these skills and abilities, our students will graduate college, career, and community ready.

## Demographics

## Strategic Framework Goal #1 Milestones: On-Track to Graduate

ACT results are finalized July 25th.

Each bar shows the percent of students meeting the relevant metric overall and for the focus group the school selected on their School Improvement Plan (SIP) when applicable.

## Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

## Strategic Framework Goal #3 Milestones: Positive Climate

Each bar shows the percent of responses within each dimension that were positive overall. When no goal for the measure has been set "No Goal" will be displayed in the bar.
